Hi Lizzie,
They come in quantities of 44 pots – you mentioned you are expecting less than 50 plants.
Will a single order of 44 pots be enough, or would you prefer I order 88 pots?

Okay! Let's just start with 5 gal then. Thank you!

Lizzie

That's what all my notes say! Are our 5 gallon pots the same as 20 L?

'Best,

Lizzie
